EDUCATION

Vignan University, Guntur (Andhra Pradesh) **2022-2026**
Bachelor of Technology in Computer Science and Engineering **CGPA: 7.8**
Loyola Convent School **2019-2021**
Senior Secondary (XII) **Percentage: 84%**
Loyola Convent School **2019**
Matriculation (X) **Percentage: 87%**

TECHNICAL PROJECTS

Projects

- **Complain System – MERN Stack | GitHub**
  Complaint tracking platform with user authentication, role-based access, and REST APIs.
  Built a complaint management system using MERN stack with user authentication, role-based access (Admin/User), and RESTful APIs for complaint submission, tracking, and resolution. Enhanced usability through a responsive frontend and secure backend.

- **Expense Manager – MERN Stack | GitHub**
  Expense tracking app with CRUD operations and financial analytics dashboards.
  Developed a full-stack expense tracking application using MERN with CRUD operations, MongoDB & Express APIs, and data visualization (charts/graphs) for financial insights. Deployed with a React frontend and backend APIs for seamless interaction.

- **Agentic-AI – Python | GitHub**
  AI-driven automation project with NLP-based features and scalable backend APIs.
  Created an AI-powered automation project using Python and LLMs with NLP/ML libraries for intelligent task handling. Focused on backend logic, API design, and automation of routine processes to improve efficiency.

- **Banking Application | GitHub**
  Developed a banking application using Java, Hibernate, JSP, and Servlets with secure authentication, transaction management, and account handling features. Implemented robust backend logic with database integration to ensure reliability and scalability.

ACHIEVEMENTS

- 2.5 star at Leetcode, lie in top 90%, and solved 90+ problems
- 2-star at CodeChef and solved 220+ problems
- At GeeksforGeeks solved 100+ problems

TECHNICAL SKILLS

Languages: C, Java, Python, JavaScript, React JS

Core Skills: Hibernate , JSP, Spring Framework , Spring data Jpa , Spring Security , Log4J.

Tools/Technologies: VS Code, Git, GitHub, Linux, Eclipse, IntelliJ IDEA.

EXTRA CURRICULAR

- **Mahotsav 2k25 Alma Coordinator**
- **Hackthon vcod 4th position 2k25**
- **Code Hunt** 🥇 in (VVIT)
- **Mahotsav 2k23 Coordinator**
-
